Things Change

As we age, we lose collagen. Gravity happens, even to the skin around our eyes. Family, friends or co-workers may ask if you are tired, even after you have had a full night of sleep.

Bring back your youthful appearance with the TempSure LidLift blepharoplasty procedure.

Open Your Eyes to Your Options

Your doctor may recommend a blepharoplasty, which may involve a small incision to remove excess skin and or fat around your eyes.

Why a blepharoplasty may be right for you?

- Solve your medical concerns caused by sagging or droopy eyelids
- Restore a more youthful appearance
- Look rested and alert

Why TempSure Lidlift?

- Excellent cosmetic results with minimal scar tissue^{1,2}
- Fast recovery compared to traditional surgery³
- Decreased post-operative pain⁴
